| 2017/6743/P | Nick Bradfield DPCAAC | Flat 3 36 Dartmouth Park Road NW5 1SX NW5 1SX | 11/02/2018 15:37:40 | OBJEMAI L | "This is an overdevelopment of the site with a large back extension and a large ancillary building occupying almost the entire width of the bottom of the garden. This is proposed to be clad with unattractive grey cement board. There will be a loss of two trees. The owner of 29 Dartmouth Park Hill has commented that the development will cause a loss of daylight and cause a loss of privacy to her property and lead to a sense of enclosure. For these reasons DPCAAC object to this application." |
