2017/6994/P	Hampstead CAAC	c/o Flat 6 4 Ferncroft Avenue NW3 7PH	09/02/2018 10:40:05	OBJ	Hampstead CAAC objects to this proposal. The proposed rear etention is grossly over-glazed and out of character with the terrace scale and houses' fenestration. It threatens excessive light pollution but is in any case over-proportioned. Both neighbouring houses demonstrate the more appropriate treatment of rear extensions maintaining existing scale. Please ask ro radical re-design to avoid harm to the locality threatened by this proposal.
