Subject: biodiversity comments for planning application 2017/6327/P

Hi Jennifer,

Please find comments below for the submitted planning application **2017/6327/P** Mansfield Bowling club, Croftdown Road, Highgate, London NW5 1EP

On Behalf of Camden Nature Conservation Service we have assessed the above planning application against the biodiversity evidence base and have the following comments:

CONDITION 8: with regards to SUDS, the submitted documentation seems to be ecological sound, however further scrutiny by a hydrological expert should be sought before discharging this condition.

CONDITION 14: Based on recent submitted evidence then I believe this condition is no longer valid as stated and should be dropped.

CONDITION 15: Submitted documentation is sufficient to discharge both Conditions 15a and 15b.

Regards

Tony
