Subject: Access to tennis courts

Dear John,

Please find attached photos of the gate at the bottom of our garden which gives us access to the Kenlyn Tennis Courts and the Mansfield Bowling club site. I believe one of our neighbours Kathleen Northrop, has already been in touch to flag up the historical right of access from the bottom of our gardens, which has not been allowed for in the plans for the redevelopment.

The previous owners of our property had used this access for 35 years and we have used it for the last year and a half since moving in as the children have tennis lessons in the Tennis club. We are confident there has been access since the 1880's when the houses were first built and there were 13 tennis courts.

[REDACTED]

Kind regards,

Nicola Kay
15 Dartmouth Park Ave.
