Internorm home pure / Timber/alu window HF210

Cozy timber surface inside, protective aluminium outside

Gapless all around gluing of glass panes (I-tec glazing) ensures excellent stability, burglary protection as well as thermal insulation and sound reduction

Three continuous gaskets prevent water from entering on to the timber surface.

Symbolic photo

Your elements have the following common characteristics:

Glass spacer:	Aluminium
Glass coating:	Light
Glazing:	Double 24mm coated clear 4toughened/16Ar/b4toughened (1.1W/m²K, 32dB) (2UA-AL_)
