

Design objectives:

1. Open the entrance towards the public pavement space
2. Create a canopy where people will have shelter from the elements
3. Create elegant design to complement client's interior ideas as shown on page 5 of the WC proposal brands document.

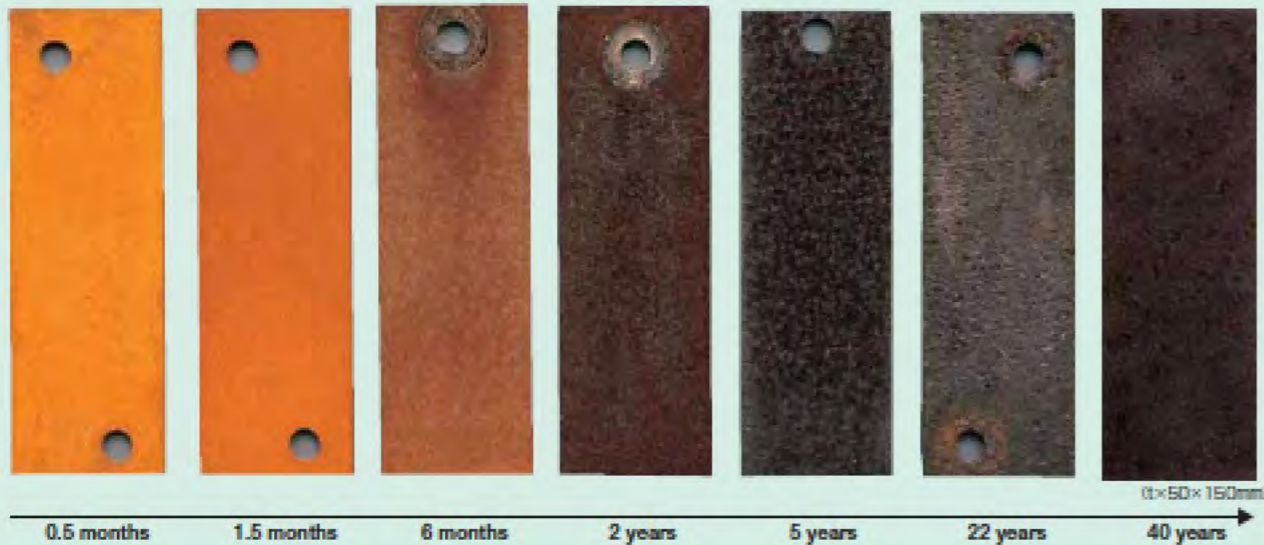

Materials:

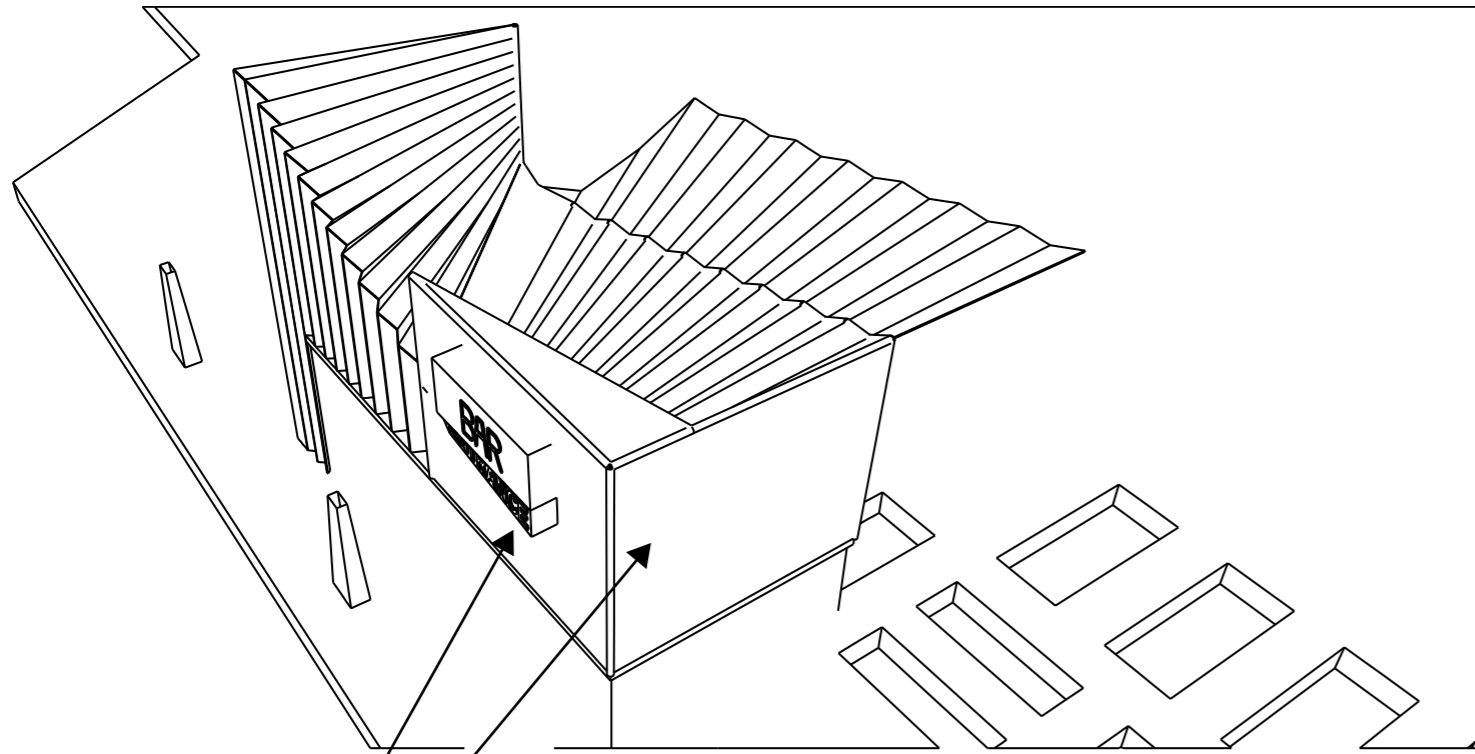

1. Folded roof and canopy of Corten steel
2. Clad around existing brick wall of Mild steel
3. Glass across

In the initial stage of application, COR-TEN shows a yellowish appearance. This is followed by a gradual change in the color of the protective rust from brown to a stable dark brown after one to two years in general application environments. Afterwards, the coloration shows no clear change except perhaps to a deeper dark brown.
