2018/0156/P	agnes peyser	7 Iverson road NW6 2QT	15/02/2018 20:32:56	OBJ	I strongly object to this application. The current building does not overlook my garden because it has small opaque windows, however these changes would consist of a complete loss of privacy in my garden, with large windows overlooking directly onto my property. This is not acceptable. Additionally the increased height of the building would make the area more claustrophobic. Please reject these changes
