Dear Mr Lester

I know that you have spoken to-day to my neighbours -

Mike Willans & Bente Fladmark of Flat 3 , 44 , Goldhurst Terrace .

To the best of my knowledge Mr Agam has put in 4 planning applications . On the first one he did show me the drawings of the proposed extension & this was rejected by the Council . Without informing anyone he had the drawings redone & sent to the Council & these were approved . He never sent us the proposals 21 days prior to them being submitted to the Council. As I understood it he recently resubmitted these proposals & once again he never informed us . The fourth planning permission is 2017/6906/P & as you aware from previous emails I never received any proposals either from Mr Agam or his agent. As we were never informed about the second or third proposals would it be possible to review these decisions ?

Thank you

Clive Fuller
