

Pictures from adjacent property, 23A – Objections against restricted natural sunlight

Please note this is our view from out bedroom window, this allows you to see the amount of natural light that we have available. If the proposed application is granted we will lose substantial light to the back of our property.

Pictures from adjacent property, 23A – Objections against restricted natural sunlight

Please note this is the view from our kitchen, if the proposed application goes through we will have NO natural light coming through. We will be completely trapped and hemmed in with no natural daylight.

Please take this into consideration, we encourage all decision makers to come and view our property.
