ABOUT US

BACKGROUND

Lovefone is a leading London based mobile device repair company that has been trading for over 6 years.

SERVICE

Repair appointments will be taken via our website and delivered at the box. More complex repairs will be done at our central Lab and picked up at the box.

TEAM

Our staff are highly trained and all are paid significantly in excess of the London living wage.

DESIGN

Our aim is to be as sensitive as possible to the original design of the phone box with our retrofit. We have changed our colour scheme to red for the boxes to blend in with the original design.

PUBLIC SERVICE

In keeping with the original public service aspect of the call boxes we are offering free wifi and free mobile phone charging to the public.

ENVIRONMENT & WASTE

Waste is picked up via electric scooter daily and sent to WEE certified recyclers or First Mile company. Our repair service has an important environmental impact in extending the lives of peoples devices and keeping them out of landfill.
