NATIONAL PLANNING POLICY FRAMEWORK 2012**

Recommend No Archaeological Requirement

Thank you for your consultation dated 01 March 2018.

The Greater London Archaeological Advisory Service (GLAAS) provides archaeological advice to boroughs in accordance with the National Planning Policy Framework and GLAAS Charter.

Having considered the proposals with reference to information held in the Greater London Historic Environment Record and/or made available in connection with this application, I conclude that the proposal is unlikely to have a significant effect on heritage assets of archaeological interest.

Although within an archaeological priority area, the proposed works are too small scale to result in a significant archaeological impact at this location.
