Re: Grove Lodge Admiral's Walk LONDON NW3 6RS

I would like to register an Objection to the proposal. The Objection is in connection with the Orangery and on the following grounds:

- 1 the apex of the Orangery projects considerably above the existing garden wall bordering the site
- 2 the predominant material of the roof is glass which will act as a light-box in the evenings. This will cause regrettable light pollution in the area of site which is a protected amenity space in the curtilage of a Listed Building.

The size and details of the proposal are incongruous with the concept of a small garden pavilion structure, subordinate to the garden and the historic garden walls.

I note that we are liaising with the property owner to confirm whether the details of the plans in the application are consistent with the property owner's obligations under certain deeds of covenant.
