2018/0865/P	J L Prooth	15 Fairfax Place London NW6 4EJ	21/02/2018 09:52:10	COMMNT	The objections I am raising is the matter of noise from revving motorcycles at all hours. t also has been noted the parking of these vehicles obstruct pedestrian walk ways and if anything is said the responses are quite menacing. This is not at all fair the local residents, .who also do no want to kept awake at all hours. The add to this the overflow of the various delivery bikes in the area do spread themselves out and take up the red route parking bays in Finchley Road near Swiss Cottage..
2018/0865/P	A J Mason	Flat d 11 Compayne Gardens London NW6 3DG	21/02/2018 11:42:57	COMMNT	I wish to object to the application for the following reasons. The delivery riders congregate in large numbers at the entrance to the premises often blocking the footpath. The riders ride their scooters & mopeds over the pavements, often using the footpath as a turning circle - this is obviously very dangerous & puts pedestrians at risk, especially the elderly & the very young.
