Dear Sofie Fieldsend,

Further to your email I confirm that I wish to submit an approval for the conditions of items which had been set in application ref. number 2012/0953/P on 24th April 2012. These are items :

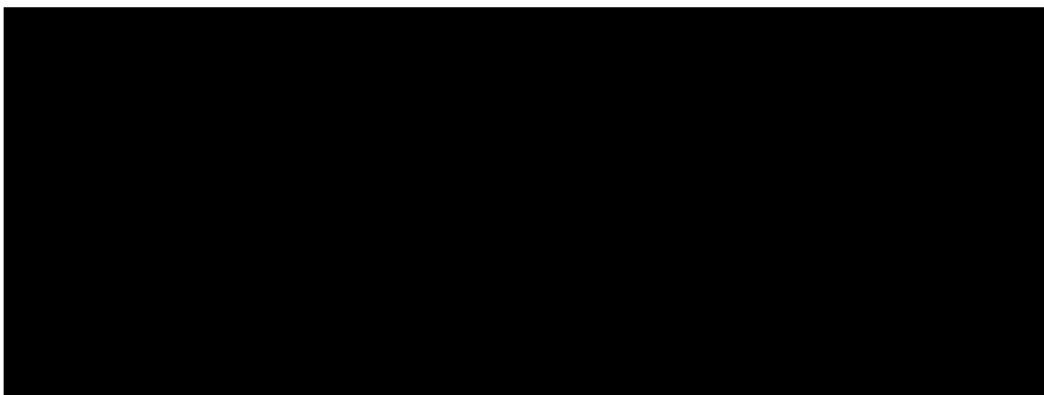

- 4 The details of landscaping for which drawing number A/2017/12/L04A has been attached.
- 5 The work, except for the area for which an application for the construction of a conservatory is to be submitted, will be carried out in line with the necessary proposal. The future proposed conservatory is to be on the area shown as hard surface on the drawing on the side of the property.
- 6 This item is now irrelevant as the construction has almost been completed.

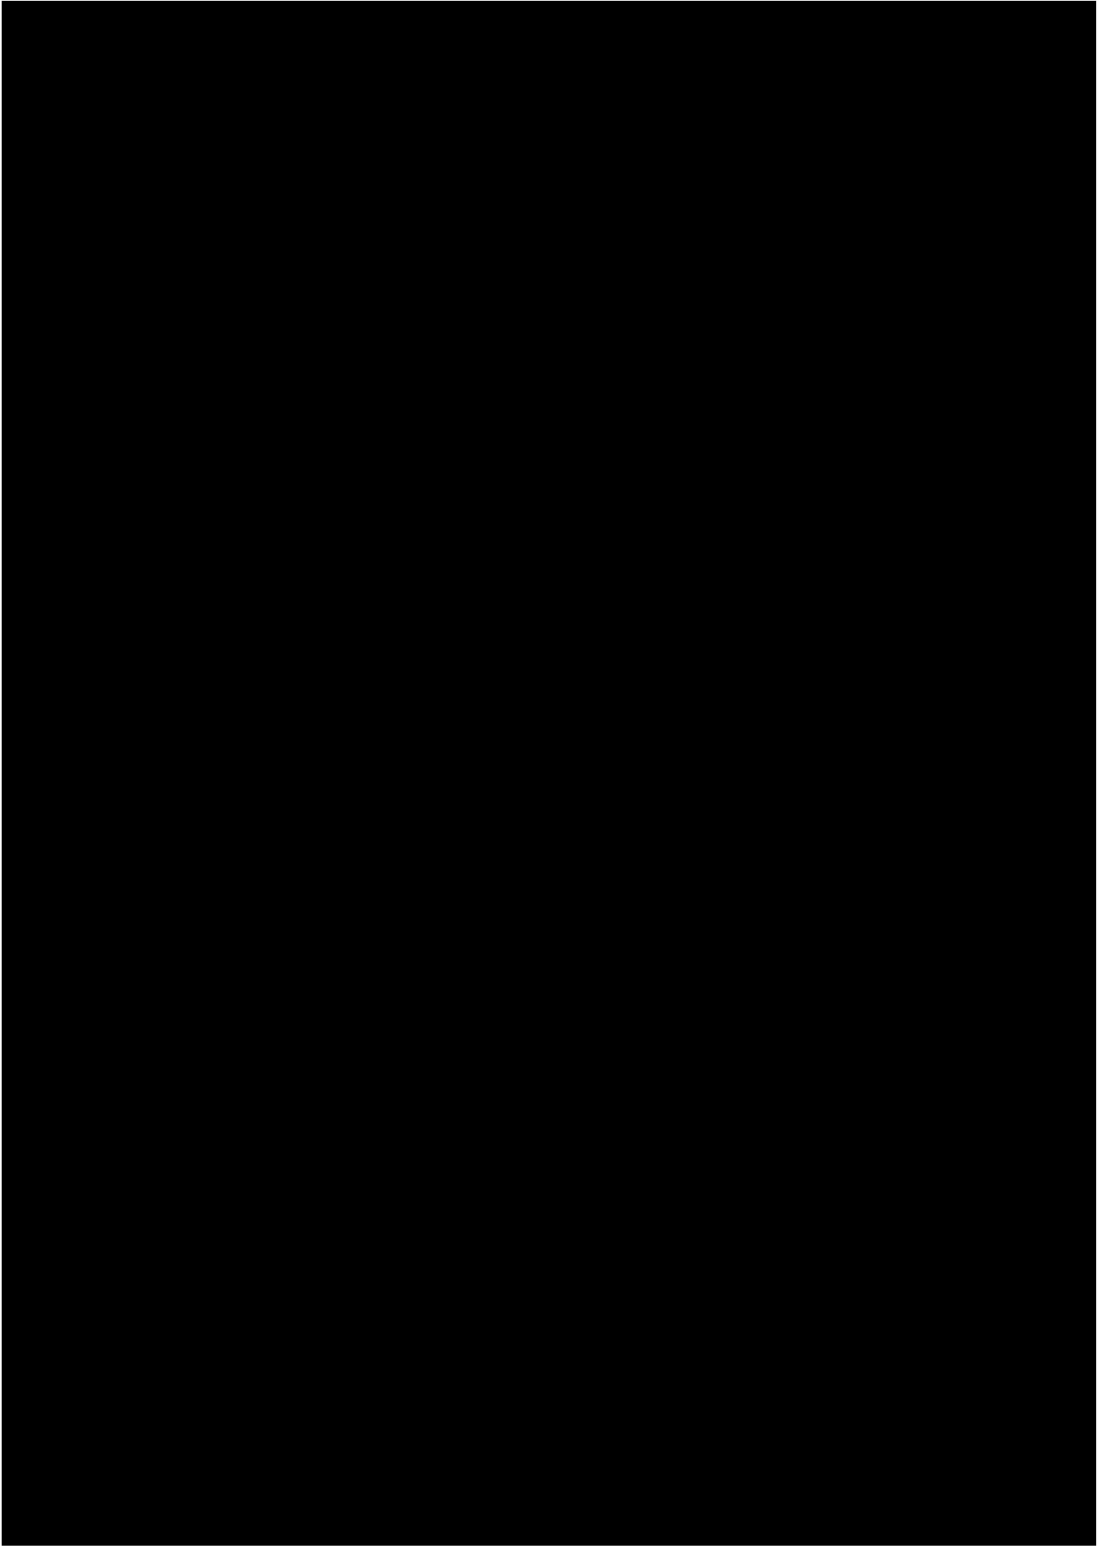

The other conditions in relation to the various work was submitted to Mr. John Sheehy who then visited the site on 27th November 2017 and appeared to be satisfied in terms of the information provided to him and what had been done on site.

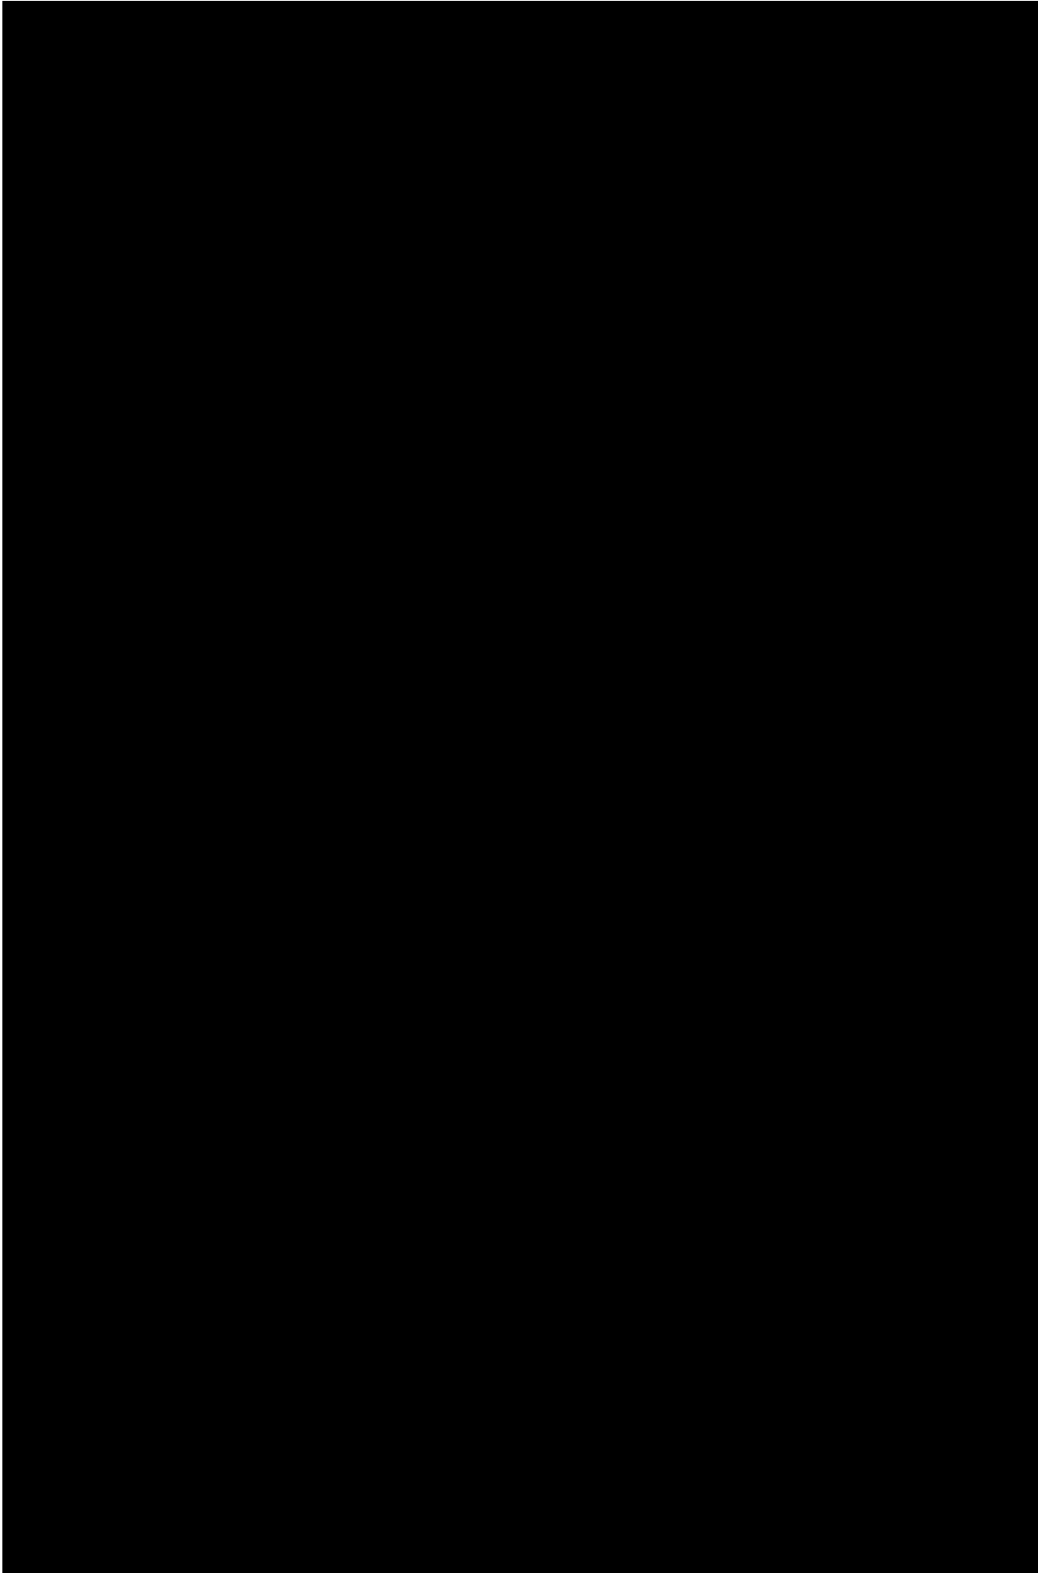

I hope the above information is adequate for your purpose to proceed.

Yours sincerely,

Saleem Khan Advanced Management Uk Ltd 07951 578803
