Hi Stuart,

Hope you are well.

[REDACTED]

The closing date for raising concerns about the above planning application was last Friday (9<sup>th</sup> March). I am next door neighbour (no. 10) to Louise at 7 Loveridge Mews. I have objected to the planning as there is no party wall agreement in place which, as you know needs, to be in arranged and agreed before works can begin. I have sent an email to Louise but to no avail – she now lives in Australia and I can only assume that my correspondence is being overlooked.

I would be grateful if you could let me know if or when a decision has been made. As you can imagine, I would not want planning to be granted or works to begin before this fundamental agreement is in place.

Best wishes,  
Lynne
