**Subject:** Fwd: FW: Ventilation System

Dear Mr. Robert Lester,

I hope this email finds you well.

The attached notice in this email came to our attention recently.

I am a resident at 71 Warren Street (W1T 5PD) and share the property with three other residents.

Our house is adjacent and shares a light well with IOM3.

IOM3 installed ventilation equipment over a weekend June 2015 outside our bedrooms in this light well we share.

We have been complaining about this equipment for years now due to the noise these machines make, and we want to object to any further installation of such equipment and kindly insist their current equipment be relocated elsewhere- the roof for example. It is disturbing to us as residents of [71 Warren Street](#) as our bedrooms are right next to it. It causes noise vibration and is a noise nuisance often left on overnight.

We further understand that IOM3 have told you the Council that they cater for the Institute but it is in fact an independent catering company called Fine Taste Catering.

Appreciate your attention to this matter.

Best regards,

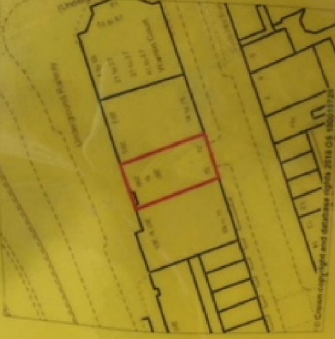

Nic Bornman

**Are you affected by this planning application?**

The Council has received an application for:  
**Installation of extract and air supply plant units together with intake and extract ductwork and air conditioning unit in lightwell [retrospective application].**

**At: 297 Euston Road London NW1 3AQ**

**Application Number: 2016/6007/P**
