

FAO Mr Jaspreet Channa

To The London Borough of Camden Development Control Team,

I object to the above planning application on the following grounds:

1. I was in the top form of the Junior School of South Hampstead High School, and a scholar for 7 years in the senior school and the six floors of the proposed erection of the Holiday Inn in the proposed application should not be overlooking the playing area of South Hampstead High School Junior School - what horror if paedophiles congregated on the sixth floor.

2. 

a) should not interfere with car parking for the residents of Froggnal Court - I have had enough trouble particularly over the last two years with deliveries and taxicard taxi pickups organised by Camden(beng disabled)

b) and should not provide disturbance to us and our buildings.

With kind regards

Lina Basu
