Dear Andy

**Letter of no objection to the Hope Project development**

Based on the following Documentation:

1. Ground Movement Report by Heyne Tillet Steel 3741475-02(04) dated Oct 17

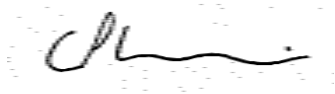

London Underground have no objection in principle to the proposed construction of a basement. Please take note of the qualifications noted below:

1. Please note the issue of this No Objection to commencement of works at in no way implies that any other submission will be approved.
2. London Underground maintains the right to object to any design or method of work which we believe may have a detrimental impact upon LUL infrastructure or operation. Heyne Tillet Steel should consult with London Underground on a regular basis to determine what activities may have an impact on LUL infrastructure such that we can agree a method of working that is acceptable to both parties.
3. London Underground Infrastructure Protection inspectors will monitor the works, plant and methods of working as detailed in any agreed concession or method statement, in order to ensure the protection of LU infrastructure and operations as LU see fit. Reasonable facilities shall be made available to LU Inspectors so that they can carry out their duties.
4. You are reminded that the responsibility for the health, safety and environmental aspects of the works on site rests fully and unreservedly with you and your designated contractors. This letter of no objection to the works detailed in the documents listed above does not absolve you from that responsibility, nor does it confirm or suggest that you have met any statutory requirements.

5. This notification of No Objection does not constitute acceptance of liability by London Underground for any accident, incident or breach of stature that may arise from the design and method adopted for construction.

I trust the above is clear and understood. Should there be any queries you require further clarification or information on, do not hesitate to contact the undersigned.

Yours sincerely

**Phil Laurie**

Outside Parties Engineer
