2017/6219/P	Ms Sarah Gunton	29 Lancaster Grove Flat C NW3 4EX	05/04/2018 08:00:04	OBJ	I am one of the residents in this building and the notices that the application says were given to the other owners of the flats in the building were not given in November as the application states. In addition the proposed drawings do not show what will actually be installed as the noise survey requires a outer box to make noise levels acceptable - for these reasons the application should be rejected until the correct notices have been given and plans of the actual installation are provided,
