2018/1345/P	Bartholomew Estate and Kentish Town CAAC	71 patshull road NW5 2LE	28/03/2018 11:57:02	SUPC	We have considered this application and we consider that the building of such an extension would be possible only if it matches exactly in size , height and building materials as the one already erected next door . This would enable the symmetry so prevalent in the conservation area to be retained .
