2018/0914/P	David and Rebecca Goldenberg	7 Oakhill Avenue London NW3 7RD	22/03/2018 13:58:30	SUPPRT	We write in support of this planning application. The proposed works will provide a positive contribution to the character and setting of the conservation area and listed building. Our house is also by Quennell, although not listed, we value the importance of his work. The suggested plans do not detract from the original features of the house.
2018/0914/P	Lauren and Mark Hirschfield	83 Redington Road London NW3 7RR	22/03/2018 12:56:46	SUPPRT	<p>We have reviewed the details of this planning application and associated Listed Building application and write in support of these.</p> <p>The proposed works will bring the restoration required to a building that has been left untouched for many years.</p> <p>We believe that the plans allow for much needed investment to the Listed Building and will enhance the wider Redington and Frognal conservation area and that they comply with the Development Plan.</p>
2018/0914/P	Mr and Mrs M Paisner	4 Heath Drive London NW3 7SY	29/03/2018 13:24:05	SUPPEMPER	We have lived on Heath Drive for 35 years. We have known no 24 Heath Drive in its glory. Today it is very dilapidated, with visible cracks to the exterior, dirty brickwork and a generally untidy roadside presence following some years of neglect which is a real shame for a building of such historic importance at detriment to the conservation area. Many of the larger houses on Heath Drive have been converted into flats over the years, and we are keen that this house remains as a single family residence to maintain the value and charm of our community. In our opinion, the proposed plans will revive this house and enhance the streetscape of Heath Drive and the wider conservation area. The proposed exterior alterations are minimal and the further extensions cannot be seen from the road. We consider the proposals a sensitive modernisation in keeping with the traditional features to be expected from such a house.
