

Dear Andreea,

TfL Borough Planning Reference: 18/300

Borough Reference: 2018/1033/P

Location: O/S 235 Euston Road University College Hospital NW1 2BU

Proposal: Erection of freestanding Bt Panel providing phone and Wi-Fi facilities, with 2 x internal illuminated digital advertisement.

Many thanks for consulting TfL on the above application.

The proposed application is on Euston Road which forms part of the Transport for London Road Network (TLRN) for which is TfL is the highway authority and is therefore concerned about how these proposals may affect the performance and or safety of the TLRN.

The application proposes to install a Bt Panel on Euston Road O/S 235, however no other documents are submitted with evidence of the exact position of the development. TfL would like to see an existing and proposed view of the development site.

In the meantime due to the lack of information, TfL objects to this proposal.

Kind Regards.

Bobby Savage
