

Dear Nora-Andreea,

**TfL Borough Planning Reference:** 18/1295

**Borough Reference:** 2018/1034/P

**Location:** O/S 235 Euston Road, (Opp Warren Street Station) NW1 2BU

**Proposal:** Erection of freestanding Bt Panel providing phone and Wi-Fi facilities, with 2 X internally illuminated digital advertisement

Many Thanks for consulting TfL, with regard to the above planning application, TfL has the following comments:

- ∞ The site of the proposed installation of the Bt Panel is on Euston Road/Tottenham Court Road jwc which forms part of the Transport for London Road Network (TLRN). TfL is the highway authority for the TLRN, and are therefore concerned about any proposal which may affect the performance and/or safety of the TLRN.
- ∞ TfL welcomes the removal of existing kiosks on Tottenham Court Road because this supports the decluttering of the streetscape which is prioritised in TfL Streetscape Guidance (<https://tfl.gov.uk/corporate/publications-and-reports/streets-toolkit>).
- ∞ We note that this telephone kiosk is within the West End Project area, we don't think the location of kiosks is compatible with the objectives of the scheme to improve area for pedestrians and bus users.
- ∞ The Bt panel is located nearby a signalised junction, with advertisements being displayed, TfL see this having an adverse impact on ongoing traffic

For the above reason, TfL Spatial Planning objects to the application on behalf of TfL.

Kind regards

**Bobby Savage**
