

Flat clear glazed skylight  
 Minor change of position of the kitchen rooflight and reduction in size

Chimney: reinstated to historic profile.  
 Chimney Pots: Two existing canon's mouth chimney pots reused on this chimney.

Skylight  
 Pre existing garage footprint retained.  
 Reduced number of skylights from 4 to 1 in garage.

Chimney: repaired and reinstated as working chimney as original.  
 Chimney pots: Two three ring louvred pots replaced with canon head pots with sufficient internal diameter to pass relevant flues.  
 Chimney pots bedded into masonry by at least 225-300mm for stability, with 300-450mm protruding above the haunching.

Chimney: reinstated to historic profile.  
 Chimney pots: Like for like canon's mouth pots installed as existing with sufficient internal diameter to pass relevant flues. Chimney pots bedded into masonry by at least 225-300mm for stability, with 300-450mm protruding above the haunching.
