Re : 1A Primrose Gardens NW3

Regrettably we were unable to file within the 19th our comments using our PIN number to access the dedicated page for Conservation Area Groups, however we would like to file the following note :

Quote...

We note that permission has been granted in the past for an extension and that some amendments have been made. However our view is that a more modest extension would have less impact on the character and appearance of the building and take up less of the valuable garden space. The proposed extension would not maintain the dominance of the bay which is a feature of the rear elevation. The proposed green roof would provide some greenery but not equivalent to a garden.

Kathryn Stubbs

Past chair of BCAAC
