2018/0927/P	Bob Gillies	3rd floor 73 Farringdon Road EC1M 3JQ	19/04/2018 13:33:17	OBJ	<p>As a current tenant of the building we are opposed to the building of an additional floor, as we consider the disruption caused to us during building works would be intolerable. There is only one entrance, and the lift only goes to the third floor. Scaffolding erected would block out natural light. Given the nature of the building the disruption caused by building working would make it impossible to carry out our day to day business. We cannot see that this work can be carried out with tenants in occupation in the lower floors. Health and safety, dust, noise, dangers would be at an unacceptable level.</p>
