2018/1397/P	Bartholomew Estate and Kentish Town CAAC	71 patshull road	23/04/2018 12:31:57	OBJ	<p>Bartholomew Estate and Kentish Town CAAC agree that this shopfront is clearly visible from the CAAC and therefor are making informed comments on the proposal. Whilst we are pleased that the Octavia Foundation wishes to use this iconic shopfront in Kentish Town, we have the following comments.</p> <p>The current shop front has a maroon awning and this mirrors the maroon colour around the BLUSTONS name on the shop front. We request that the maroon colour is retained as red is entirely out of keeping with the shopfront. Also that the proposed external lettering is in small lettering to match that which is currently on the awning.</p> <p>We would like the original glass retained in the shopfront as new glass as proposed as modern glass is different from new glass and will change the look of the facade of the shop. once lost the old glass can never be replaced. . This type of shop front is grade 2 listed and a rare survivor and needs to be retained .</p>
