2018/1819/T	C Bawlf	1 18 Lyndhurst Gardens NW3 5NR	25/04/2018 08:48:36	OBJ	The tree is not diseased, not a danger and not damaging property. It is in an area where there are no other mature trees. Street trees have been planted, but they are not yet mature. Removing this tree will change the streetscape and green aspect of this part of Belsize Park. It should not be felled.
