

Dear Nick Baxter,
I am writing to support application 2018/1397/P for Blustons at 213-215 Kentish Town Road NW5.

This shop is much loved locally, has stood empty for a long time, and has an awkward shape if the essential listed features are to be preserved. I think this application is respectful of those features, and maintains many of the elements which have historic links in Kentish Town.

I support this application.
