Conclusion

The applicant acknowledges that part of the extension would extend beyond a side elevation, and seeks to demonstrate compliance with section A.1 of Part 1 Class A on page 7 of their report. However, their supporting information fails to refer to section A.2, which adds further constraints to houses in conservation areas.

Permitted development rights for householders: Technical Guidance April 2017 identifies walls forming a side elevation (page 23)

The proposal would fail to comply with section A.2(b) of Part 1 Class A, as part of the extension would extend beyond a wall forming a side elevation of the original dwellinghouse which is located on article 2(3) land, namely Bartholomew Estate Conservation Area.
