| 2018/2007/T     | Vicki Harding    | Garden Flat<br>19 Frognal Lane<br>London<br>NW3 7DB | 02/05/2018 16:33:45 | COMMNT   | <p>The reason for this request to fell is because the tree is dangerous. Please would you convert this Section 211 Notice of Intent to a DD Notice to ensure replacement with the same species.</p> <p>This tree provides significant amenity to the area being in a very prominent position. The house in whose front garden it grows is also named after it. The tree, while not having a TPO is nevertheless noted as a locally important tree in the List of Locally Important Trees, Appendix 6 of the Hampstead Neighbourhood Plan, currently due for referendum on June 21st 2018. This can be found on the penultimate page of:<br/><a href="https://camden.gov.uk/ccm/cms-service/stream/asset/?asset_id=3648748&amp;">https://camden.gov.uk/ccm/cms-service/stream/asset/?asset_id=3648748&amp;</a></p> <p>Trees cannot be retained that are dangerous, however it is important for the Conservation Area that willow trees are still found in this area of willows and wells.</p> <p>Vicki Harding,<br/>Tree Officer Heath &amp; Hampstead Society</p> |
