**Subject:** Hawthorn Tree Pruning Application - 2018/2117/T

Dear Sir/Madam

Tree Pruning Application

The branches on my neighbour's hawthorn tree have been growing, for many years, onto a small balcony on my house.

I would like to have them cut lower so the branches do not overhang onto the balcony.

My neighbour's house is 44 Downshire Hill NW3 1NU.

My house is 24 Keats Grove NW3 2RS.

The site of the overhanging branches is on the right-hand corner of the balcony (facing 24 Keats from the front of the house and left-hand side from the back garden of 44 Downshire Hill.)

The houses are in the conservation area but the tree does not have a TPO.

Yours faithfully

Roberta Sacks
