Morning Oluwaseyi,

Thanks for your email below.

Having studied the tree in some detail I believe we need a crown reduction of circa of say 15% but I'd also say it needs some crown thinning work as well. Not being a tree surgeon its difficult to provide very clear guidance.

My next question is that we'd be happy to undertake this work on the aspect of the tree that is interfering with 8 Hampstead Hill Gardens but were not planning on addressing the whole tree.

Let me know if it will be easier for us to discuss this on a call.

Regards

Mark

Dear Mark,

Thank you for your application for tree works at 6 Hampstead Hill Gardens which has been logged with ref: 2018/1847. You have stated that you want to crown the tree. Can you please specify how much you are crowning e.g. 'crown by 30%' or 'crown reduction by 1m' or crown lift to give 5m clearance from above ground level' etc.

We will proceed when we have clarification of works.

Kind regards,

Oluwaseyi Enirayetan
