Dear Mr Bell and Tree Team,

I am writing to oppose the removal of the above referenced sycamore tree, which is located on the boundary of 5 Kemplay Road and 9 Pilgrims Lane in the conservation area.

I live at 7 Pilgrims Lane, next to 9 Pilgrims Lane, both of which are Grade 2 listed historic properties. The tree on the boundary with 5 Kemplay Road helps provide the gardens of these listed buildings with their peace and privacy.

The large, modern house at 5 Kemplay Road is radically different to the historic properties around it, and removal of this tree would leave no natural cover between 5 Kemplay Road and our gardens. 5 Kemplay Road would effectively be watching over the gardens, with its balconies in plain view.

For this reason I strongly object to the removal of this tree and hope the conservation area will be protected.

Best,

C. Green
