Hi John
Hope you are well.
Sorry to bother, I would like to report to you of cooking smell coming from the Deliveroo site. It's more pronounced today given the strong wind blowing towards my balcony this evening at 17:30.

May 1 - 17:30 kichen smell observed at my balcony (side of building overlooking Wembley arena)

If you have any questions, please let me know.
Kind regards,
Felix Ko

Hi Felix,

Thank you very much for your email.

I note your comments about noise and odour, which are very helpful.

Hi Edie
Thanks for your email.
FYI I have submitted my complaint to John Sheehy as I noted smell and white fumes pumping out of the Deliveroo chimneys around 5-5:30pm today.
I have also filed a noise report as I heard a constant level noise seemingly coming from the Deliveroo's extractor fans .
I think things are going to be more apparent as we hit summer especially under still calm conditions whereby smells will become more pronounced.
Regards
Felix

Are none of you affected? Really?
In this hot weather it is strong, invasive and continuous!
Lucky you if it isn't happening in your living rooms!

Hi John and John

I just submitted my Kitchen Smell Complaints diary to Environmental Health who only seem to want to hear about NOISE.

However, I did log it with them:

April 7: 6:45 - and on for some hours
April 8 Saturday - kitchen smells throughout the day (whenever I went on my balcony or near my open windows)
April 19: (another hot day): 4:30 and noticed again at 6:25.
April 20: today starting at 5:15. (Spoke with Felix: he is smelling it now, too.)
I am even smelling the food over at my desk which is across the room from my Deliveroo side windows.

Not nice!

Cheers

Edie

p.s. please let me know if you get to conduct noise tests this Sunday.

p.p.s. It's 8:10 and the smells of Oriental cooking are overwhelming!
They are coming in to my living room when I wasn't even thinking
about them!

I suddenly realised that my house was filled with this smell!

Who knew over the cold winter months that these horrible intrusive
smells would become a major problem
- right in our homes
!

I invite you to sit in my living room and breathe in. Unacceptable that I
and others have to live with this!
