2018/1975/P	Mr & Mrs T Menezes	07/05/2018 15:11:14	COMNOT	The rear of our property at 13 Langbourne Avenue , including our garden and rear bedrooms are already significantly overlooked by the rear windows and (raised) ground floor roof terrace at 14 Makepeace Ave. This is particularly so since they cut back the tree in their back garden. The roof extension proposal with rear facing full height (and width) windows would markedly increase the degree to which we are overlooked. It would alter the view from our garden and bedroom windows. It would have a very serious impact on our privacy and significantly disrupt our normal enjoyment of our property . We would urge the council to reject this proposal in favour of one with side, rather than rear facing windows.
