Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Full Planning Permission Granted**

Address:  
**Unit 3**  
**10 Bloomsbury Way**  
**London**  
**WC1A 2SL**

Proposal:  
Installation of 1x external louvre on South elevation and reconfiguration of existing external louvres on South and East elevations.  
Drawing Nos: 16.041/500 Rev.C, 16.041/506 Rev. A, 16.041/505 Rev.C and materials email from agent dated 18/5/18.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

16.041/500 Rev.C, 16.041/506 Rev. A, 16.041/505 Rev.C and materials email from agent dated 18/5/18.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposal utilises the existing louvres on the South and East elevations of the building and involves the installation of 1x new louvre in the stall riser on the South elevation.

Given that the development predominately involves the reconfiguration of existing louvres and the small scale of the new louvre which has been sensitively located with materials to match the existing louvres, it is considered that the proposal will preserve and enhance the conservation area and will not cause harm to character of the host property or to the wider conservation area.

It is considered that the proposal overcomes the reason for refusal in the previous application and has taken into consideration of its impact on the existing building and the importance of the street level frontage.

It is noted that the application site is in a prominently commercial area, however the scale, siting and design of the louvres are not considered to have an adverse impact on the amenity enjoyed in any of the neighbouring properties.

This proposal is interlinked with a condition application ref. 2018/1579/P for plant machinery on the same site. The site's planning history has been taken into account when coming to this decision. No objections were received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Bloomsbury Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Area) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies A1, D1, D2, D3, C5 and TC5 of the Camden Local Plan 2017, the London Plan 2016, and the National Planning Policy Framework 2012.

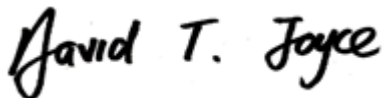

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

You can find advice about your rights of appeal at:
