

Architectural elevation drawing of a proposed sliding door. The drawing includes the following dimensions and callouts:

- Overall Height:** 2.78m
- Door Height:** 2.62m
- Door Width:** 1.36m
- Door Label:** PROPOSED SLIDING DOOR
- Material Callouts:**
 - PAINTED PLASTERBOARD & SKIM
 - OBSCURE GLASS STRIP
 - PAINTED TIMBER ARCHITRAVE (SLIDING DOOR HEIGHT TO MATCH ADJACENT WINDOW HEIGHT)
- Detail Dimensions:**
 - 0.10m (width of the door frame assembly)
 - 0.20m (width of the adjacent wall section)

Architectural drawing showing the proposed sliding door and its dimensions. The drawing includes the following dimensions and callouts:

- Overall height: 2.78m
- Height of the proposed sliding door: 2.62m
- Width of the proposed sliding door: 1.42m
- Callouts:
 - PAINTED PLASTERBOARD & SKIM
 - PAINTED TIMBER ARCHITRAVE (SLIDING DOOR HEIGHT TO MATCH ADJACENT WINDOW HEIGHT)
- Text inside the door frame: PROPOSED SLIDING DOOR

Architectural drawing of a proposed double door. The drawing shows a rectangular frame with a diamond-shaped opening in the center. The text "PROPOSED DOUBLE DOOR" is written inside the diamond. Dimensions are provided: a total height of 2.30m on the left, a height of 2.10m for the inner frame, a width of 0.81m for the left side of the inner frame, and a width of 1.50m for the diamond opening.

The diagram illustrates the proposed changes to the entrance doors. It shows a side elevation of the building facade with two door openings. The left opening is labeled 'EXISTING DOOR' and is a single door. The right opening is labeled 'PROPOSED DOUBLE DOOR' and is a wider double door. Dimension lines indicate the width of the proposed double door as 1.50m and the distance between the two door frames as 1.00m. The overall width of the section shown is 2.30m, and the height of the door openings is 2.10m.
