Subject: Re: Skips: 6 Sumatra road

Hi James,

Thanks for the emails and attachments below.

Please could you confirm that pickup and delivery will only occur between 10am and 3pm. There is a primary school just a block away from the site and we need to be addressing the increased risk of more kids and their parents going about at peak times.

Kind regards,

Francis

Dear James.

Further our emails of today (as below) and confirmation from you that Glynn's Skips :

- are a Gold FORS rated company,
- your drivers have passed the Safe Urban Drivers test,
- and your vehicles are fitted with both cameras and left hand turn alerting mechanism,

I attach a route from your company base at Unit 6 Neasden lane NW10 2UG to our site at 6 Sumatra Road NW61 PU which minimises driving on cycling lanes as well as to trying to avoid things such as the school near the site. Please can you confirm your drivers will use this route

Please can you also confirm the waste pickups will only occur between 10am and 3pm (in order to avoid school drop-off/pick-up times and rush hours).

Please could you 'reply all' so our contractors will also receive required information.

Many thanks for your timely assistance
Kind regards
Suzie

Hi Suzie

That's ok and yes all the vehicles have the left hand turning mechanism.

Hi Suzie

All my drivers have completed the safe urban driving test, and all our vehicles are fitted with 4 cameras. 2 at the front and 2 at the rear of the vehicle.

I have attached a copy of the fors certificate and also that shows you on page 2 about the safe urban driving test.

Many thanks James,

Thanks for confirmation of the price of the skip.

Gold's FORs registerd is great, a certificate would be fantastic and I will ask Francis Hur our architect to provide a map.

Please could you also confirm by email that your drivers have completed a Safe Urban Driving Test and your vehicles which are over 3.5T are fitted with blind spot minimisation camera and left turning alert mechanism, (I have spoken with Shahida Sanessie in Camden planning department again today and he confirms we are required to have this evidence for our CMP).

We would then like to proceed if we may to appoint you as our chosen Skip provider.

Kind regards
Suzie

Hi Suzie

Yes we are fors gold registered. (I can provide if needed a copy of our fors certificate)

It would also be helpful if you could provide us with a map of the routes we are required to take.

The cost of an 8yrd skip is £230 + vat.

Subject: Skips: 6 Sumatra road

Dear James

Further to our telephone conversation regarding our basement conversion job at 6 Sumatra Road, NW6 1PU and with respect to Camden's requirements for their Construction Management Plan, we would be grateful if you could confirm the following:

Gynns Skips is:

-FORS Gold Accredited (- do you have a copy of this certificate electronically available?)

- In addition that your drivers have completed a Safe Urban Driving Test and your vehicles which are over 3.5T are fitted with blind spot minimisation camera and left turning alert mechanism.

- We are also required to provide a plan of routes to and from your waste management facility to the site at 6 Sumatra Road mapped out to minimise driving on cycling lanes as well as to try to avoid things such as the school near the site and confirmation the waste pickups will only occur between 10am and 3pm (in order to avoid school drop-off/pick-up times and rush hours). - Would you be happy for us to provide you with this map?

- Camden parking permit site only allows the skip company to book parking permits if they are to be kept on the road and require a licence, is your company able to do this ?

We are aware of the cost of the permit, which is an admin fee of £45 for two weeks £78 for 4 weeks and then a

11/1/2017

QuestMail :: RE: Skips: 6 Sumatra road

cost of £28 per day.

Finally please can you confirm the price of an 8 yard skip, we anticipate will need a min of 25 over a three month period.

Kind regards,

Suzie
