Dear Sir/Madam,

Further to my previous letter of 14.1.2018, I am writing to add that the view from the street will not be of the best and will show enlarged, extended dormer, plus a new side dormer where previously none existed.

I am not aware what 'enlargement of the terraces' actually means, but this too will be visible from the street.

This is a conservation area, and I am not aware whether existing dormers were built before this became a conservation area. If so, such works are illegal.
