Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 29 Ampton Street forms part of a grade II listed terrace by Thomas Cubitt. The building was constructed in 1819-23 from yellow London stock bricks with a stucco

ground floor and is set over three floors with a basement. The building is owned by a housing association and is divided into two flats. The building has fallen into disrepair, the proposals are to repair the building where needed and improve the fire safety.

Throughout the building secondary glazing is introduced and all original sash windows are repaired. All flush modern doors are replaced with fire resistant flush doors, any historically significant doors are retained and intumescent paint is applied. Any new partitions and plaster board ceilings are replaced with fire resistant plaster board. At basement level the internal walls are dry lined to prevent damp.

The proposed works will not harm neighbouring amenity.

No objections have been received prior to making this decision. The site's planning history was taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the character and appearance of the conservation area and special interest of the listed building, under s.66 and 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
