6th April 2018

Dear Sirs

**Re: Application for Planning Permission. Town and Country Act 1990.
Highgate School, North Road, Highgate, London. N6 4AY.**

I enclose the following in support of a planning application for your consideration.

4 copies of Application Form
Cheque for fee of £234
4 copies of drawings A52/2018/01 - 04
Photographs of new railings installed in Phase I
Typical railing details

The proposal is to replace the existing dilapidated railings, gates and dwarf walls to part of the perimeter of the Bishopswood Road in front of the Mills Centre at 5 Bishopswood Road, and the Pre Prep School at 7 Bishopswood Road, terminating next to Field House. This is Phase III B and the final phase of Bishopswood Road of the railing replacement works. Phase I railings and gates were installed in 2014 and Phase II was completed in Spring 2017, with the last phase IIIA programmed to be installed this summer.

The railings are intended to be the same throughout the Estate in order to give the grounds a clear and smart identity whilst adhering to the School's commitment to its child protection and safeguarding policy. The design of the railings is as originally discussed with Matthew Gunning and Mortimer MacSweeney at the beginning of the project.

Should you have any queries please do not hesitate to contact me.

Yours faithfully

Jennifer Parkins, MRICS
