2018/0825P	Ian McKinnell		26/04/2018 15:47:54	OBJ	<p>I only found about this application by accident, although this will be built within a few metres of my bedroom. I am appalled that I was not on the list to be consulted.</p> <p>This extension of the extension of the extension will come very close to our bedroom window, further diminishing what little space is out there & greatly intruding on what little privacy we may have.</p> <p>This is gross overdevelopment of what is primarily a residential space and I would ask for it not to be allowed.</p> <p>The long term residents of this are should have some priority over the gross profit of our commercial neighbour.</p> <p>Yours</p> <p>Ian McKinnell</p>
