Planning Office

Town Hall, Camden. WC1H 8NH.

Mr. Cravin Sexton (attention of)

22nd May 2018.

Erection of 2 Storey Building. Garage @ Chestedclose South.

Dear Sir,

I wish list my objections to the above application.

1. The Building is on a Blind Bend. Will disrupt traffic coming and going into the Close, during building.
2. Surely they will have to have new foundations for the new build.
3. As I do not use a Computer, I cannot access the plans for the exit and entrance to the above extension the above mentioned build.
4. To me it doesn't seem to be enough room on the 1st Floor for all the modern day amenities, including sleeping & living in the aforementioned building.
- 5.

I think Transport will have difficulty in reaching me during the Building work.

6. Will they in time want to change the use of Garage to living quarters

Please look favourably at my objections during your consultations.

Yours faithfully

Mrs. P.B. Hyman
