Subject: Re: Planning Application - 2018/1005/P Comments for Gilbeys Yard Estate and 30 Oval Road Estate

Dear Ms Hazelton

I see that a document has been added to this planning application - Detailed drawing of door replacement.PDF

I wish to comment on this.

Having just one set of doors for this space is inadequate for noise containment.

From experience over the past 6 years, we have found that noise really travels and echoes in many homes of Gilbeys Yard from this door area, therefore I request a double door scenario to better contain the noise when the doors are in use

Can this please be considered?

What is the progress and timeline of this application, do you have any updates or information of what I should expect to happen and when please

May I get emailed or notified when documents or information is added to the applicant as an interested party?

Kind regards

Mark Neal
