13. Biodiversity and Geological Conservation

To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.

13. Biodiversity and Geological Conservation				
Having referred to the guidance notes, is there a reasonable application site, OR on land adjacent to or near the applicat		elihood of the following being affected adversely or conserved and enh site:	ance	d within the
a) Protected and priority species				
Yes, on the development site	\bigcirc	Yes, on land adjacent to or near the proposed development	۲	No
b) Designated sites, important habitats or other biodiversity	feat	ures		
Yes, on the development site	\bigcirc	Yes, on land adjacent to or near the proposed development	۲	No
c) Features of geological conservation importance				
Yes, on the development site	\bigcirc	Yes, on land adjacent to or near the proposed development	۲	No

14. Existing Use

Please describe the current use of the site:						
The internal and external areas are under construction - under planning permission 2015/6015/P.						
Is the site currently vacant?	\bigcirc	Yes	۲	No		
Does the proposal involve any of the following? If yes, you will need to submit an appropriate contamination assessment with your application.						
Land which is known to be contaminated?	Q	Yes	۲	No		
Land where contamination is suspected for all or part of the site?	\bigcirc	Yes	۲	No		
A proposed use that would be particularly vulnerable to the presence of contamination?	\bigcirc	Yes	۲	No		

15. Trees and Hedges

Are there trees or hedges on the proposed development site?	Q	Yes	۲	No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?	Q	Yes	۲	No

If Yes to either or both of the above, you <u>may</u> need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

16. Trade Effluent

Does the proposal involve the need to dispose of trade effluents or waste?

17. Residential Units

Does your proposal include the gain or loss of residential units?
