2018/1890/P	Richard Walker	15/05/2018 13:07:34	OBJLETTE R	<p>I would like to object to the application for planning permission on the grounds that:</p> <p>(1) Loss of privacy</p> <p>The development is in a quiet residential street. The building was not designed for the proposed development. The location of the windows are such that there will be a loss of privacy.</p> <p>(2) Adequacy of parking/loading/turning</p> <p>The will be a significant loss of parking spaces. And the development of office space and increased residential amenities have not been considered where parking will actually be reduced.</p> <p>(3) Highway safety Traffic generation</p> <p>The street on which the development is taking place is a quiet residential street.</p> <p>The scheme does not address highway safety for the large numbers of local children.</p> <p>(4) Noise and disturbance resulting</p> <p>The commerical premises listed will create noise and disturbance for the residents</p> <p>(5) Effect on listed building and conservation area</p> <p>The proposed development of increasing the height of the building will cast a shadow on the church and local park.</p> <p>This should not be allowed in a conservation area.</p> <p>(6) Layout and density of building</p> <p>The density of the development and lack of an affordable housing element I object to.</p> <p>(7) Design, appearance and materials</p> <p>No designs have been submitted</p> <p>(9) Road access</p>
