2018/1485/A	Fiona Trier	23/05/2018 15:09:44	OBJ	I wish to object to this application on the grounds that if one sign is allowed then a precedent will be set and signs will proliferate and disfigure the area. The Dreams sign at Prowse Place, for example, does just this and disfigures the tunnel entrance there. No one coming to that showroom would do so without consulting a paper or digital map and there is no need in this day and age for any business to advertise in this old fashioned manner. 13-19 is a beautiful building with an unadorned façade - it should stay that way if a Conservation Area has any value or meaning. This sign would certainly not improve the façade.
2018/1485/A	Peter Clapp	17/05/2018 07:09:50	OBJ	Nos 17-19 Bonny Street is a magnificent building, completely unadorned by signage of any sort. It houses at least six businesses. The applicant has run the print business for several years without a projecting sign. If this were to be allowed, one can expect a proliferation of similar applications in the near future. For this reason, in a Conservation Area, the application should be refused.
2018/1485/A	Kathryn Gemmell	18/05/2018 17:46:39	OBJ	<p>There is no signage currently on this Victorian building. There are multiple lettable units at 17-19 Bonny Street with none of them being shops or retail units.</p> <p>Having a swinging sign will disfigure the facade and may encourage others to seek similar. This will have a negative impact on the conservation area. If signage is required for these units it should be provided as a single directory at low level on the door or similar and be suitable for all future tenants use.</p>

To erect a sign would disfigure the façade of this beautiful building and add unnecessary clutter to a very elegant street.</li> <li>• The building lies within a Conservation Area, where changes must be demonstrated to improve the visual environment. This sign would not improve it.</li> <li>• The premises at 17-19 Bonny Street accommodate at least six lettable units, the applicant being one of these. If this application were to be granted, then other businesses within the premises would also seek permission for external signage which would be unacceptable.</li> </ul> <p>I urge the Council to refuse this application.</p>
