

Application No:	Consultees Name:	Received:	Comment:	Response:
2017/4302/P	Robert Bingham	01/06/2018 16:25:46	OBJ	<p>I continue to object to this application.</p> <p>The revised application makes no mention of the fact that our Grade II listed building shares a party wall with the proposed development. This party wall is also not shown on the drawings. What's more, the location of our building is not shown on any of the drawings.</p> <p>Given the above, it is reasonable to assume that sufficient consideration has not been given to the potential damage that could be done to our building by excavating this proposed basement.</p> <p>My concerns regarding the use of compensation grouting that I raised in my previous objection have not been addressed by this revised application and still stand.</p>
