2018/2081/P	Anthony Banks	04/06/2018 12:48:01	COMMNT	With the exception of 7 Jeffrey's Place, the area has an attractive and appropriate balance of properties and to add a roof extension to 7 Jeffrey's Place will be completely out of character. It is already by far the largest building in the immediate area. It will obscure the skyline and to an extent the light to our property. It will generate yet more parking requirements and resulting traffic volume down the narrow lanes of the area.
